TAX QUESTIONS

Q - What is the current rate on 1969 income?

A - The income tax percentage is 10 percent for 1969. The charge was originally scheduled to expire June 30, 1969, but was extended by Congress to cover all of 1969.

Q - Several in our family club in to support our father but no one of us contributes more than half. Can any of us claim him as a dependent?

A - If your combined contributions total over half of your father's support, then any one of you, but only one, who individually contributes more than 10 percent may be entitled to claim the dependency exemption under a multiple support agreement.

Q - Several others who contribute more than 10 percent, make this a written statement that he will not claim the exemption this year. Form 2120 may be obtained from your local IRS office for this purpose. These signed statements must be filed with the tax return of the one who claims the exemption. For more information, see Publication 504, "Your Exemption and Exemptions for Dependents," available from your local IRS office.

For further details, call Mrs. Daphne Duvon at 467-5382, Mrs. J. A. Tedford at 467-9453, or Mr. J. A. Tedford at 467-9453, or Mr. J. A. Tedford at 467-9453.

FOR THE FIRST TIME, two members of the fair sex are undergoing training as electronic technicians at the NASA Mississippi Test Facility. Catherine Nocella (left) of Long Beach, Miss., and Barbara Grider (right) of Poplarville recently began the 18-month course leading to proficiency in repair, maintenance and fabrication of electronic equipment and systems. Other trainees (from left) are Kenneth O. Lewis of Bay St. Louis, John T. Williamson of Pearlman, and Carl D. Combs of Piquette. Mrs. Nocella is a licensed practical nurse, while Mrs. Grider previously attended a technical school. Lewis has been employed at MTF since 1965. Williamson was previously employed in commercial broadcasting and as a radar technician with the U.S. Air Force. Combs received prior technical training and worked with the USAF in Korea. All are employees of the General Electric Co. Management and Technical Services Department.

General Electric To Guide Pass Redevelopment

A resolution by the City of Pass Christian, Miss., providing for the General Electric Co. Management and Technical Services Department to serve as agent for the city in developing and implementing a comprehensive plan for the city's rehabilitation and redevelopment has been accepted by the GE department.

Mayor J. J. Wittmann and the Board of Aldermen of Pass Christian had accepted on Dec. 2 a written proposal by the General Electric Co. to accomplish the work. The acceptance was predicated upon subsequent execution of a formal contract for planning services, to be approved by and in part financed through Federal and State of Mississippi aid funds.

The resolution is similar to one recently agreed to between the City of Long Beach and GE. John R. Picard, general manager of the Management and Technical Services Department, accepted the resolution for General Electric. Also, present, besides Mayor Wittmann, were City Attorney Eaton Lang and Lucien M. Gex, Jr., manager of Mississippi Development Programs; William M. Barren, manager of Mississippi Programs; and Hal W. Murray, all of GE-MTSD.

Gex, who is also legal counsel for the GE department, said that work would begin immediately.

The work will be done in five major phases, Gex said, beginning with basic studies to include planning maps and analysis of Pass Christian's current population, utilities, traffic and transportation, and land use. In a projection phase to follow, Gex said objectives will be formulated and future land use and core area plans will be drafted. Next, zoning and subdivision regulations will be updated.

Advice Number Of Seedlings Needed

Hancock County landowners who plan to place orders for two seedlings to be used next winter (1970-1971) for reforestation should get in touch immediately with the Area Forester, Herman Varvado. The forester may be contacted at the Forestry Office in the agriculture building on Neelys Ave., Bay St. Louis. The telephone number is 467-4711.

In explaining the need for such information as soon as possible, Forester Varvado says, "With this information the State Forestry Commission can better determine the total number of seedlings needed to be grown in its nurseries this coming summer in order to take on seedling demands."

Continuing to call "A limited supply of slash and long-leaf pine seedlings, plus cypress, cypress, cuttings and a few other hardwood species are still available for the landowner who wants trees for planting this winter."

Over-Ryan Vows Said Our Lady Of The Gulf

Long Beach served as maid of honor, and Miss Janele Carver, Waveland, sister of the groom, was bridesmaid. They wore gold velvet gowns with matching head bows and carried cascades of white gladioli. Henry Noto of Waveland served the bridegroom as best man and Henry Develle, Waveland, served as groomsmen. Ushers were Richard Ryan, brother of the bride and Bobby Carver, brother of the groom. A reception followed in Our Lady of the Gulf Cafeteria.

MRS. DENTON THREED OF BAY ST. LOUIS ACCEPTS KEYS TO HER NEW MALIBU SPORTS COUPE FROM J.C. KOENEN, SALESMAN AT LAMAR-LANE CHEVROLET.

Mrs. Denton Threed of Bay St. Louis needed a new car to take her children to school and to do her shopping. She visited Lamar-Lane Chevrolet and talked to sales- man J. C. Koenen. J. C. made Mrs. Threed a very good deal on a beautiful Malibu Sports Coupe that she is very happy with. Mrs. Threed has heard all about the service trained personnel that Lamar-Lane has in their service department and knows that if ever she needs service for her car that only experts will do the job at Lamar-Lane Chevrolet. If you're thinking about buying a new car or truck, visit Lamar-Lane Chevrolet and ask for J. C. Koenen, he could save you many dollars. LAMAR-LANE CHEVROLET, INC. Bay St. Louis, Miss. Gala Party Planned For Special Children

Airs Complaints

(Cont. from Page 1-A)
but were now in a fire hazard zone.
According to Elliott all of the above areas are now suffering from lack of proper drainage under drainage. Adding to this according to Elliott are approximately 18 miles of black top roads out, with approximately 18 miles of roads where the surface toping is gone.
Elliott also pointed out that in excess of 900 culverts being out, very few traffic signs were left, and 8 unsafe bridges remain. Elliott's estimate of the cost to replace this was \$950,000.00.
Requests have been made to the Bureau of Public Roads, HUD, and other agencies for help, but to date no money has come in for work on these projects, stated Elliott.
In summing the total problem up would be to say LACK OF COORDINATION between agencies handling Hurricane Camille's destruction, stated Elliott.
Elliott explained that the county doesn't have the needed funds for such an undertaking as this.

There will be a gala Christmas party for Hancock County's Retarded Children scheduled for December 19 and beginning at 7:00 p.m. in the Main Street Methodist Church Fellowship Hall, according to Mrs. Zelma Clark, who is president of the Hancock County Retarded Children's Association. The party will be a joint-hosted affair with refreshments prepared and served by the Girl Scouts, gifts from Our Lady of the Gulf community, and decorations and lighting by the Main Street Methodist. Approximately 20 children are expected, and of course their parents are also invited.
"This will be a bright spot in the lives of this group," commented Mrs. C. R. Beyer, who explained the school is operating on a very limited budget and receives an annual stipend from the United States in the amount of \$4,000. Mrs. Beyer said the August 17 storm destroyed the school building which was located in Clarks Harbor and the school is currently housed in a trailer located next to the Lakeshore School. "Conditions are far from ideal," commented Mrs. Beyer, who added "However, this isn't anybody's fault -- just another Camille created problem which will have to be worked out."

Rededication Ceremony Presented By Girl Scouts

BY PATTI BRAMEYER
Senior Girl Scout Troop 123 met in the Fellowship Hall of the Main Street Methodist Church and presented a rededication ceremony with their parents and advisors as guests. The rededication was a solemn ceremony planned entirely by the Senior Scouts of which group Gail Tingo served as chairman. Mrs. Frank Parrish served as advisor to the senior scouts and Mrs. Joan Wood is the regional supervisor.

Eight Senior Scouts were seated at a table facing their guests when the ritual began. The table was covered with a white cloth and flanked on either side with potted palms. On the table was the gold trefoil candlestick which had been placed in the center of the golden horse-shoe which held eight candles.

Flag ceremony opened the program and was followed with an introductory talk in which Miss Tingo introduced the scouts and explained the meaning of symbols and the goals of the Senior Scouts. The Girl Scout Promise was repeated with one candle in the trefoil being lit for each part of the promise. The ceremony was made impressive by the capping of a new troop member, Miss Peggy Fowell. Each scout gave affirmation of the "Eight I's" which are important parts of the Senior Scouting program and lit one of the candles in the horse-shoe as she did so.

The ritual was ended with the song "Pledge" and the closing of the flag ceremony. There was a social period following the service and refreshments were served.

Governor Signs Agreement For Funds Distribution

Governor John Bell Williams signed an agreement in his office Monday to establish a means of distributing funds allocated by the Office of Emergency Planning to eligible persons who become unemployed as a result of Hurricane Camille.

Available funds were made possible by the National Disaster Relief Act of 1968. Mississippi became eligible to receive disaster allowances under the act when President Nixon designated 26 counties in the State as having suffered disaster damages.

Funds available under the disaster allowance portion of the Act will be distributed to "any person who suffered unemployment as a result of the hurricane, or who may believe they can qualify for assistance," Governor Williams said.

The Mississippi Employment Security Commission was named by the Governor as the agency responsible for taking claims and making payments.

"The Employment Security Commission is trained and has the machinery to receive such claims and to make rapid payments," the Governor said. "Anyone who was out of work as a result of the hurricane, should visit one of the claim offices and ask for more information," Williams added.

In signing the OEP contract, presented by B. B. Bouldin from the Department of Labor in Atlanta, Governor Williams praised the Mississippi Congressional Delegation for their support of the legislation.

A spokesman for the Employment Security Commission said broad guidelines would be applied in measuring eligibility for assistance.

Among the guidelines, the following will apply: "An in-

MR. GARY RANDALL OF GULFPORT ACCEPTS DELIVERY OF HIS NEW CHEVY TANDEM DUMP TRUCK FROM J.C. KOENEN, SALESMAN AT LAMAR-LANE CHEVROLET IN BAY ST. LOUIS.

Mr. Gary Randall of Gulfport was in need of a heavy duty dump truck. He shopped around and got prices from various dealers. He then visited Lamar-Lane Chevrolet as he had been hearing about all the good deals they offer on trucks as well as cars. At Lamar-Lane Chevrolet Mr. Randall was greeted by salesman J.C. Koenen. He told J.C. the type of truck he was interested in and asked what kind of deal he could give him. J.C. Koenen gave Mr. Randall a Lamar-Lane price that was the best he had received. Mr. Randall was also impressed with the large stock of trucks available at Lamar-Lane Chevrolet. If you're thinking about buying a tandem dump truck, pickup truck or a new car, visit Lamar-Lane Chevrolet and ask for J.C. Koenen, he could save you many dollars.

Written in co-operation with YOUR
COOPERATIVE EXTENSION SERVICE

The season of "hospitality" is upon us with barely time for a last-minute check to make sure supplies are on hand for easy and relaxed serving. There's quite a variety of lovely paper napkins in Christmas motif. You should have a stock in sizes ranging from cocktail, luncheon to dinner. Also, don't overlook the decorative paper plates. So convenient for sending out those welcomed offerings of home-baked cakes, cookies and pies. Baggies are a boon to the hostess, also. There is a size for every need and are a great aid for storing juicy foods. In fact you can prepare your grapefruit halves the night before, place them in the sandwich size baggies and refrigerate them over night.

During the current sales of chickens it is a good idea to buy several at one time. Cut the chickens and store them according to cuts. In this way you'll have uniform cooking time and the plates will look pretty -- each plate with a similar serving. Those broiled chicken livers can be cut into small pieces and served on tooth picks at "snack time".

You'll need extra supplies of aluminum foil, too. The heavy duty foil cuts down on drudgery when you use it to line roasting pans, etc. before baking. Can't find a lid to fit the pot? Just cover it with a section of heavy duty foil.

The dark red Puerto Rican yams are at their best now. Candied sweet potatoes make a festive dish, can be prepared in advance and are truly enhanced in flavor when a bit of whole cinnamon bark is added to the sauce.

Do remember to check carefully your spices and herbs. It would be a calamity not to have enough whole cloves to properly stud the ham. Is there nutmeg for the topping on the egg nog? What about the anise seed for those special cookies?

Is your supply of canned broths adequate? Canned biscuits and rolls can be converted into very tasty treats. Try separating the layers of the dry biscuits and add a thin fill of cheese. Canned tomato roll or orange bread in moist voracile and can be used in a variety of ways for fancy sandwiches, or the slices with your favorite soups make a quick and most acceptable dessert.

Don't neglect to store extra tea bags. They may be completely packaged in the larger sized baggies and kept in deep freeze until needed. A few dips and spreads prepared in advance make entertaining easier, too. Selected are a few you may wish to try.

SPICED CHEESE DIP
1 stick softened butter
1 cup creamed cottage cheese
2 teaspoons curry seeds
1 teaspoon instant minced onion (dehydrated)
1/2 teaspoon powdered mustard
Dash garlic powder
2 teaspoons paprika
1 tablespoon anchovy paste.
Combine all ingredients, mixing well until thoroughly blended. Mound in a serving dish and garnish with additional paprika. Surround with meat fingers, crackers or ripe vegetable sticks for dunking.

SPICED BEETS
2 cans tiny whole beets
4 tablespoons tarragon vinegar
4 tablespoons water
1 teaspoon sugar
2 teaspoons cayenne seeds
1 small chopped onion
1 bay leaf
about 6 whole cloves
Mix the ingredients, pour over beets and allow to marinate for several hours. May be served on tooth picks, also just the touch of color needed for decorating meat or cheese dishes.

SPICED RUBY PUNCH
2 cups sugar
2 cups boiling water
1/2 teaspoon whole cloves
2 cinnamon sticks
1/4 cup lemon juice
2 cups cold water
2 cups cranberry juice
1 cup orange juice
3/4 cup lemon juice
Combine the first five ingredients. Mix well to dissolve sugar. Heat to boiling. Remove from heat and strain out spices. Add cold water and cranberry juice. Stir in remaining ingredients. Pour into punch bowl over ice cubes. Float thin slices of orange and lemon that have been dusted with cloves. To be extra festive add bead coloring to the water before freezing. Or, couple the punch and freeze some of the punch. This is a very good idea for the punch flavor isn't diluted with melting ice cubes.

EGG NOG
(Sufficient for 12 people - Makes 80 4 oz. cups)
Beat yolks and whites of 8 eggs separately. Add 1/2 pound sugar to the yolks and beat until thick. Add beaten yolks to the whites and beat until blended. Beat in two teaspoons of Rum and 1 bottle of Brandy. Beat mixture. Add 1 pint of heavy cream and 1 quart of milk. Mix. Chill well. Serve with nutmeg over the top.
Last suggestion: Remember that a happy hostess goes a long way toward a happy holiday so do put on a pretty dress.

Garden Club Holds Party

Blue Jean Garden Club held their Christmas party at Barnada Inn on December 14th. Nineteen members attended the affair.

Mrs. William Richardson made corsages and centerpiece. Mrs. Bertha Augustine won the centerpiece as a door prize. The club will elect new officers at their January Meeting, stated Mrs. Frank Corcoran, secretary.

Homemakers Exchange Gifts

Bay Easton Homemakers Club held its annual Christmas party with exchange of gifts Thursday at Ramada Inn.

Members attending were: Maudie Cleveland, Wynne, Eugenia Noe, Joann Williams, Elida Dabo, Sam Williams, Carmella Saylor, Albert Blah Jr., Leroy Lutz, John Smith, David Poranich, Harris Boudreau, Anthony Bonomo, Emilio Manoli and Leo Taconi and Miss Iris Keeney. Mrs. Herbert Dabo was a guest of the group.

THIS IS AN architectural rendering of the airport facilities to be incorporated in the DIAMONDHEAD residential/resort development near Bay St. Louis. Plans include a 4,000 foot landing strip for air-minded prospective residents. Some home sites will be located adjacent to the landing strip thus permitting 'pilots' to park in their homes. The airport will be included in the construction of the initial phase of the elaborate project which will begin immediately, and is planned to be open to the public by June, 1970.

Garden Talk

BY JEANNE

No one loves a garden, loves a green house too. So why not go shopping and get some of the lovely Christmas plants for your home today.

Even though the natural timing within the plant, or because of the skill of commercial growers they will bloom now at the dark of the year, when men needs all the life and color they can find.

Get plants that survive. Blooming plants received at Christmas such as Christmas Cactus, Zebra Plant, Christmas Peppery, should be carefully tended to get the most value from them.

Keep them out of drafts and away from heat.

Here are some helpful hints for handling these plants to keep them beautiful for as long as possible.

Poinsettias will be in full flower this month, and are really lovely centerpiece for Christmas. But remember that this tropical plant of Christmas is in tropical and has been brought to us from a warm climate. Try to find a somewhat similar situation in your home. Give it a sunny window at least once a day for a while. If it is in a dark place, protect it from cold drafts.

After winter when leaves begin to fall, be so watering and keep them to rest. Sit it in a dark place. When there is a frost, move it to a sunny window. Watering these weeks at a time.

In April or May cut the plant back about three inches above the soil so new growth will start. After winter, watering and feeding through the summer. Before frost starts again bring it in and keep away from artificial night light so buds can form for Christmas again.

Christmas cactus will live to a ripe old age, and become more beautiful by the year; but often won't bloom for many years. These simple methods can help. Try to keep at a 60 degree night temperature during the winter. In the day treat as most house plants, with moderate sunlight and watering, and little feeding.

Rest it outdoor in semi-shade in summer. Watering occasionally. Bring it in before the first deep temperature dip of fall, and re-pot if root bound when buds begin to form and increase watering gradually.

Christmas Peppery, Christmas (Jerusalem) Cherry. Are easily grown from the seeds in the peppers. Keep in moderate temperature, away from drafts and keep well watered. Some people even keep Christmas peppers from year to year by cutting it back after pepper drops, rooting it and and semi-dry until spring, then potting and commencing watering.

Appelands (Zebra Plant) keep in shade during winter. Water lightly when dry. Repot when roots begin to plant. Let it begin to die, cut back when roots are growing, and new plant will grow on, or young plants may be grown annually from cutting.

Other house plants with large leaves and small foliage such as Philodendron, Dieffenbachia, Rubber Plant and Begonia Rex benefit greatly if, at intervals, there leaves are sprayed.

A mild soapy water solution is good to use. Dip sponge in solution and squeeze out, clean both top and bottom of leaves. This removes grime and lets

the pores of thalest "breathe" more freely.

Hoya Carnosa at this time of the year should be kept in a cool situation with the soil nearly, but not quite dry.

Garden Club Holds Meeting

Bay-Waveland Garden Club held its monthly meeting last Thursday afternoon in Bay-Senior High School Home Economics room with Mrs. Clarence Evans, president, presiding.

Mrs. Evans introduced and welcomed three guests, Mesdames Edmund Sullivan, H. W. Duke and Harry Wardell and new members Mesdames Joan Hill, Frank Whitmough and Joan Newkirk.

Following the business session an exchange of plants was made by members.

Special guests of the organization were members of Bay-Senior High Tiger Lily Garden Club which is sponsored by the Garden Club with Mrs. Richard Sallinger as chairman and Mrs. J.E. Ervin as counselor.

Members of the Tiger Lily Club displayed Christmas decorations they made for various classrooms at Bay High.

A Christmas theme was carried out in the table decorations and refreshments were served by the hostesses Mesdames Frank Embrey, Herbert Buron, A. G. Dantagman, Augustus Elmer, Ruble Griffin, Walter Hays, Albert Kuehn, Hugh Miller, Walter Russo, Leo Seal and Edward Thomson.

TAX QUESTION

Q - Is a stock dividend taxable?
A - In general, a stock dividend paid in the same class of stock is not taxable. However, if there was an option to take cash or other property in place of such stock, the fair market value of the stock received should be reported for income purposes.
Q - I was just billed for tax

I had already paid. What should I do?

A - Return the bill along with a copy of your cancelled check or money order. Frequently, IRS receives payments without enough information to identify them and this might have happened in your case. Another possibility is that your payment was received too late in our processing cycle to make the necessary adjustments in the billing notices.

A good practice to follow when paying a tax bill is to put your Social Security number on the check or money order and return a copy of the notice with your payment.

COTTON RESEARCH OFFERS... leaves and fruit. Here it cannot be washed away. This remains to kill pests for weeks. Cotton has had a fine research program in 1969, the kind of program that will open doors to greater production. One of the dramatic new developments has been an insecticide that enters the plant, plus better products of the roots and travels up for the cotton.

A high-contrast, black and white photograph showing a close-up of a textured surface, possibly a wall or ceiling. The upper portion of the image is bright and shows a grainy, mottled texture. A dark, irregular shape, which appears to be a shadow or a hole, dominates the lower and right portions of the frame. The overall effect is stark and abstract.
